## Mitchell Electronics, Inc. Software Licensing

Mitchell Electronics, Inc. puts you in control of your servo motor repairs with instant access to all of your currently licensed software options. Contact us in advance and apply that license to “checkout” the software for use under the Mitchell Electronics, Inc. [software license](#).

### LICENSE

Software can be used on any TI-5000JX or TI-3000JX tester across your company. The Athena software displays license validity.

### ORDERING

Place your order online, email, or call.  
Mitchell Electronics, Inc. will send you an invoice for the order.

(740) 594-8532

### Checkout Software

Simply click the ‘Checkout Software’ button to access all software options.

The goal is to provide an on-demand platform which is easy to use and provides access to all of our latest software.
